

TROLLEY ROAD TO BUY ITS ELECTRIC POWER

Plans Are Under Way to Abandon the Ponckhockie Power Plant and Purchase Electricity From Kingston Gas and Electric Company This Summer.

It is understood that the Kingston Consolidated Railroad Company is making arrangements to purchase its electric power this summer from the Kingston Gas & Electric Company, and to abandon the power house on the Strand in Ponckhockie.

This afternoon a Freeman reporter asked Superintendent G. Burton Tebow regarding the plans, and he stated that he did not care to either affirm or deny the report.

From what could be learned else, where it is stated that the trolley road is planning to take its power to operate the cars from the plant of the electric company on Jansen avenue, where special electrical machinery will be installed to supply the road with sufficient operating power.

The Ponckhockie power plant was erected about thirty years ago, and it is said that the trolley road will likely scrap the machinery installed in the building and sell the building itself.

It is also said that the trolley road will start using electricity from the electric company early in the summer, likely about the first of June.

PALMER COURTS INVESTIGATION

Tinkham Resolution for Probe Into Louisiana Sugar Prices Denounced as Politics—Republicans Not Enthusiastic About Impachment.

By Telegram to The Freeman. Washington, March 5.—"I welcome the fullest possible investigation," Attorney General Palmer said today concerning the resolution of Congressman Tinkham, Republican of Massachusetts, passed in the house.

The resolution called for an investigation into the attorney general's conduct in connection with the fixing of prices on Louisiana sugar, and it was intimated, it had for its object Palmer's impachment.

The resolution called for an investigation by the judiciary committee of the house, composed of twenty members, thirteen Republicans and seven Democrats.

Tinkham's charge was that the attorney general had concurred in a proposal fixing the price of sugar at 11 and 18 cents a pound submitted by the United States district attorney of New Orleans and that his acts had tended to allow manufacturers large profits without danger of prosecution for profiteering.

High officials of the department of justice denounced the move as a political one from first to last. Democratic congressmen make the same charge.

The political storm in the house started somewhat today and none of the Republicans evinced any desire to take up the challenge to "impeach the attorney general."

Representative Campbell of Kansas, one of the participants in the debate, said today: "There may be some way of getting the attorney general out of this, but I can't see it. As a lawyer, I've got a good many fellows out of tight places, but I wouldn't like to see this attorney general out of the office with this indictment charged. It would have to be done technically and not on the merits of the case."

NEW TREATY PLEA TO PRESIDENT

Simons, Democrat, To Again Ask For Administration Senators For Final Verdict—Will Take With Him "Concrete Proposition."

Washington, March 5.—President Wilson was asked to pass final judgment on the treaty situation in the senate, in a letter which Senator Hitchcock, the administration leader, sent to the White House today.

The president was requested to grant an audience to Senator Simons, Democrat of North Carolina, spokesman for the administration forces.

The selection of Simons, an old and influential member of the senate, who favors immediate ratification and objects to the treaty being made a campaign issue, was regarded as significant.

Simons said he was awaiting word from the White House as to when the president might desire to receive him.

Simons said he had "a concrete proposition" to submit to the president, it being the desire of the Democratic side to know from the president whether he was still undecided in his original determination to "pocket" the treaty unless the Lodge reservations involving article X and the Monroe Doctrine were modified.

Hitchcock was making the arrangements for Simons's expected visit to the president, it was stated.

WILSON FEELS TURKS SHOULD GO

By Telegram to The Freeman.

Washington, March 5.—The league of nations and the fate of Constantinople are closely bound together, in the opinion of President Wilson, it was learned today, and his judgment of a wrong settlement of the Turkish problem, involving leaving the sultan in his present capacity, would work against the peace of the world.

"The president is kept in constant touch with the negotiations," it was said. And although he was said not to feel as deeply about the Turkish settlement as he does the Italian-Lygo Slav question, it is considered likely that a number of notes will pass between Washington and the European allies on the subject.

Wanted For Board Bill.

This morning Judge Schrick issued a warrant for the arrest of two strangers who have been spending the past four days at the Stuyvesant Hotel. The warrant was issued at the request of Manager Winne of the hotel who claimed they had skipped without paying a board bill of four days. The baggage of the two men was found checked at the West Shore station by the police and seized. Up to the time this was written the two men had not been apprehended.

Check-Passer Worked Newburgh.

Another check-passer made his appearance in Newburgh on Monday and, after uttering a valueless note, one for \$21.30 and the other for \$24.10, made his getaway. Both checks were on the National Bank of Newburgh, the smaller one having been tendered J. W. Brundage, of 138 Broadway, a taxicab driver, and the larger one Isaac Gottlieb, of 123 Water street. Both were in "payment" for supplies.

CANTINE STRIKERS ARE ENJOINED

Charles Eichhorn and Members of Papermakers' Union Restrained By Judge Nichols's Order From Interfering With Those Who Desire To Work.

Supreme Court Justice C. E. Nichols, at special term held Saturday, February 27, on the application of F. E. W. Darrow, attorney for the Martin Cantine Company, plaintiff, issued an injunction restraining Charles Eichhorn, individually, and as president of the Local 210, International Brotherhood of Papermakers, Saugerties, N. Y., against William Wolven and the others named, also every member of Local 210, from interfering with employees of the Martin Cantine Company from working should they desire. The persons enjoined are strikers.

The order, signed by Justice Nichols, which was filed with the Ulster county clerk late Thursday afternoon, restrains the defendants from any species of violence, threats or intimidation, hooliganism, and from any and all acts, threatening language, etc., against the plaintiff or any of its officers or servants, agents or employees, etc. There are several affidavits attached of employees who have been interfered with and who desire to remain at their former employment.

The defendants have been served with a copy of the summons and complaint and summoned to answer the complaint in the action and serve a copy of their answer on plaintiff's attorney within twenty days after the service of the summons, and in case of failure to appear or answer, judgment will be taken against each by default for the relief demanded in the complaint.

DIVIDE TOWN SCHOOL MONEYS

The four school district superintendents have apportioned the public school moneys of the state among the towns as follows, the total amount being \$76,505.16. This does not include the school money apportioned by the state educational department to the city of Kingston. A check for the public school moneys will be received later by County Treasurer Lounsbury who will divide it among the supervisors of the towns for their distribution among the school districts of the town. The total this year is about half as much again as that received last year:

DECISION SOON ON BRIDGE BILL

By Telegram to The Freeman.

Albany, March 5 (Special).—But two more steps remain before the Van Wagoner bill providing for a bridge over the Rondout creek becomes a law: its final passage in the assembly and the approval of Governor Smith. The final vote upon the measure will be taken next week. The bill is expected to pass without objection. It will then go to the governor.

More Gun Opening.

The annual gun box opening of the Woman's Home and Foreign Missionary Societies of the Clinton Avenue M. E. Church, was held in the lecture room Wednesday evening. Through the untiring efforts of Mrs. Daniel Sower the program "The Call of the Homeland," was very successful. The little play is very instructive as well as pleasing as it touches on the problems of the present day both of the foreign element who come to our country and the cause of unrest in our own homeland.

By Telegram to The Freeman.

Albany, N. Y., March 5.—Socialists opposed but did not obstruct the United States government's war on Germany and in their opposition were "within the law," Seymour Stedman of Chicago, member of the legal forces of the five Socialist assemblies now concluding their fight for seats in the state assembly declared today in summing up arguments for the defense.

Beginning the third day of the summing up of the mass of evidence presented the assembly judiciary committee through seven weeks of investigation, Stedman launched into a lengthy analysis of the laws of the land and differentiated between moral and legal obligations. His differentiation was designed to show that the Socialists admit having been guilty of violation of moral obligations to the country and its prosecution of the war but deny legal guilt.

"You are not expected under the law to do anything more than the law compels," summed up his definitions. Mr. Stedman attacked the assembly's method of procedure in securing the suspension of the five Socialist assembliesmen and denied that there is precedent for its action.

"The nearest precedent to this action," he said, "is an incident that happened in the duma in Russia. Four or five members were charged with conspiracy. They were charged with having explosives and the intent to kill members of the royal family. They were prosecuted, convicted and then expelled. So we can see that an American assembly may borrow from the greatest tyrant of modern times a half-baked precedent to pursue its intentions."

He declared the Socialists within their legal rights in opposing the war before the United States declared war and after the country had taken up arms. He denied that the Socialist assembliesmen were disloyal for signing a statement asserting they would not enlist and alleged as "the only reason that the government adopted the conscription law was because of the announced intention of hundreds of thousands that they did not propose to enlist."

He entered emphatic denial to the charge that the Socialist party had affiliated with the Moscow International of radical Socialists.

"The Socialists are by suggestion, not by any action, charged or intimidated to be in league with the international or with the success of arms of the imperial autocrats of central powers," he said.

He declared the Socialists had no love for the Russian Czar or the Mikado and if they could be criticized for that then, in a sense, the Socialists were guilty of giving aid and comfort to the enemy as charged.

Dr. Chamberlain To Speak.

The congregation of the Fair Street Reformed Church are to have the rare opportunity of listening to the Rev. William I. Chamberlain, D. D. of New York next Sunday morning. Dr. Chamberlain is one of the leading religious statesmen of America and a speaker of great power. The church will no doubt be crowded next Sunday morning to hear him.

CENSUS SHOWS KINGSTON'S POPULATION TO HAVE DECREASED 24 SINCE 1910

And State Census of 1915 Showed 470 More People Than Now—Mayor Doubts Accuracy of Figures and May Order Police Census to Verify Them.

By Telegram to The Freeman.

Washington, March 5.—The census bureau today announced the following preliminary population figures: Kingston, N. Y., 1920, 25,884; 1910, 25,908; decrease, 24; percentage, 0.1.

These figures are a matter of surprise and disappointment to all, including the mayor, who said to a Freeman reporter this morning: "It would appear to me that there must be some inaccuracy in the count. It is apparent to everyone, that from a general standpoint the population of the city could not have decreased in the past ten years. We have had normal, usual construction of additional and new residences, practically every house and every boarding house in the city is occupied and filled to capacity. At the time of the last state census in 1915 various cities questioned the result and had had a police census taken which showed the official count was incorrect. As a result the state made a supplemental count which sustained the count of the city and showed the first count made by the state inaccurate."

"I will give serious consideration to taking a police census in the city in order to check up the official count."

Since 1915 there has been a steady increase in the number of pupils attending the public schools as the school census will show. Every house in the city is occupied and there is a clamoring for new houses. This would indicate that the population has not decreased but rather that there may have been some mistake made in the recent census.

In 1910, with the temporary addition to the city of many families brought here by the construction of the New York city water works, the census showed a gain over 1905 of 352 persons.

In 1915, with the temporary gain from the water works vanished and temporary accession of population from war industries not begun, the census showed a gain of 446 over the population in 1910.

In 1920, with steady progress since 1915, greater prosperity of industries, several new factories and several industries holding some of the increase in business that began when the United States entered the war, the census shows a loss of 470 from the population in 1915.

Census figures for Kingston since 1875 are:

1875	6,000	30,445
1880	6,000	31,261
1892	6,000	31,495
1900	6,000	24,536
1905	6,000	25,556
1910	6,000	25,908
1915	6,000	26,354
1920	6,000	25,884

SHOE MACHINE MAKERS STRIKE

By Telegram to The Freeman.

Beverly, Mass., March 6.—Following the failure of eleven hour attempts to arbitrate the differences over the individual contract system, 4,200 skilled machinists and helpers employed by the United Shoe Machinery Company went on strike here today. The company employs 6,200 hands of all kinds. Strikers maintained that the big plant would be so crippled that it would be forced to shut down.

Anderson Challenges Smith.

By Telegram to The Freeman. New York, March 5.—William H. Anderson, State superintendent of the Anti-Saloon League, has challenged Governor Smith to a joint debate on the prohibition question. In an open letter addressed to the Governor, Mr. Anderson said: "You are about to make a tour of the state to discuss issues with the people. I challenge you to a joint discussion on a question that has more kick in it than the three percent beer you want."

McKee on Stand.

By Telegram to The Freeman. Grand Rapids, Mich., March 5.—Mark T. McKee, law partner of Paul H. King, manager of the 1918 senatorial campaign of Senator Newberry, will take the stand for the defense in the Newberry trial today to give testimony which the defense hopes will offset the statements for the prosecution by former Governor Charles S. Osborn.

River Ice Wearing Away.

The ice in the Hudson river is slowly wearing away, according to the state superintendent of public works. Edward S. Walsh, at Albany the ice is 17 1/2 inches thick, at Hudson 18 inches thick and as far south as Newburgh 14 inches thick. No sign of the ice breaking up has yet been seen.

Rotterdam Attack Fanned.

By Telegram to The Freeman. Washington, March 5.—The Russian Bolshevik army on the Finnish frontier has launched an attack against the Finns near Saavijoki, according to a press dispatch from Helsinki today quoting an "official statement."

General Vandenberg Better.

By Telegram to The Freeman. New York, March 5.—The condition of General Cornelius Vandenberg, 81 at his fifth avenue mansion with influenza, was reported as favorable today by Dr. Samuel A. Brown, the family physician.

CORP'N RETURNS ARE EXTENDED

Com's Roper Rules That May 15 Shall be Final Date but Request Must be Made to Secure Extension of Time.

By Telegram to The Freeman.

Washington, March 5.—Internal Revenue Commissioner Roper has extended until May 15, next, the final date for the filing of income tax returns by corporations, it was announced today. Difficulties experienced by corporations and their representatives in compiling these returns forced an extension.

Collectors in all districts today were authorized to accept tentative returns for the calendar year 1919, from all corporations before March 15. Each return must be accompanied by at least one-fourth of the estimated amount of tax due, together with a statement setting forth the reason why the return can not be completed within the prescribed time.

Formal request for an extension must be requested or subjected to a penalty.

ALLIED TROOPS FOR TURKEY

By Telegram to The Freeman.

London, March 5.—Additional allied troops will be sent to Turkey at once to prevent further disorders, it was understood here this afternoon. Reinforcements of British warships are already on the way.

An Exchange Telegraph dispatch from Athens states the Turkish Nationalist force has been ordered disbanded. The Nationalist leaders have been opposing the allied treaty terms and were held responsible for numerous outrages against Christians.

BANS SHIMMY.

Justice Morschauer Would Not Permit It in Court.

By Telegram to The Freeman. White Plains, March 5.—Supreme Court Justice Joseph Morschauer of Poughkeepsie, has put the ban on the shimmy in his court. Despite the ambition of several chorus girls and Bryan Fox, to demonstrate all the latest dances in the court room here, Justice Morschauer allowed such a justice would be improper, because: "I can see the shimmy in my own mind, and the jurors know it as well as I do."

The Rev. Paquale Manzelli is being sued for \$25,000 before the justice for alleged libelous remarks concerning the shimmy and its use in local dancing school.

Church Paganat Sunday.

In place of the regular Sunday evening services at the Clinton Avenue M. E. Church the young people of the church will give a religious pageant. This pageant will be of interest to every member of the church and everyone is cordially invited to attend. It is entitled, "The Call of the Homeland." Aside from the special program Robert Hawkey, tenor soloist of the church, will render a number of solos.

In Police Court.

After a month's vacation the Newburgh-Walden trolley line is again running. A force of about 24 men has been at work laboriously picking out the ice from the road bed.

N. Y. SENATORS URGE ECONOMY

The prosperity of the whole Nation ultimately depends on the practice of Thrift in the home.

Father, mother and the children can form Home Circle Thrift Clubs—thrifty homes make thrifty communities.

The home that gets the habit of steadily investigating some of its savings in Government Savings Securities will be a safeguard against social unrest.—J. W. Wadsworth, Jr.

Thousands of Americans who never before were investors have learned during the stress of war to practice saving and economy. They have learned that waste is selfish. During the critical period of war they did away with purchasing non-essentials and practiced right, wise and careful spending.

Economy promotes better influences. It makes a better nation. Savings makes for strength of character. Practice it through Thrift Stamps and help in the movement to return the nation's industries to their normal state.—William M. Calder.

Mrs. Tom Thumb Will Leave Smallest Home Furnishings to Museum.

The home furnishings of Mrs. Lavina Maeri known to America and Europe as Mrs. Tom Thumb and who died recently, will be placed in museums by the terms of her will which has been filed in Plymouth, Mass. Her collection is said to include the smallest practical furniture in use.

Two miniature sewing machines and a piano are among the pieces mentioned by the will. Several of the articles were gifts from European royalty before the war.

The remainder of her property is to be divided between her husband, Count Maeri, also a midgel, and two nephews.

ARCHBISHOP URGES CLERGY'S SUPPORT

Archbishop Patrick J. Hayes, ranking prelate of the Catholic Church in New York in a letter made public recently has urged the clergy to become actively interested in and support the savings movement of the United States treasury department.

In his letter to the clergy Archbishop Hayes said: "The United States government, realizing that prompt measures must be employed to allay the prevailing unrest, is appealing to the conscience and sane judgment of the people for their support in a movement which will reduce primarily the high cost of living. In all the churches of this section of the country, the plan will be explained to the people and they will be urged to co-operate with the government by learning the lessons of the value of investing in government securities."

This drive is not to obtain money, rather it is to make people save. It is not for a brief period. It is intended to cultivate the spirit of thrift. Once our people become stockholders in the government as they will by purchasing Thrift Stamps and Savings Certificates, anarchy and social disorder will no longer menace peace and prosperity.

The clergy of the nation have given invaluable service to the government in its effort for the establishment of savings and investment in government securities as a national habit. The clergy throughout the nation are helping make Thrift Stamp week March 1 to 6 a success.

Thrift Stamp Week is being conducted in the form of an intensive effort to teach the children of the United States, their parents and teachers the value of saving by means of investing in the twenty-five cent Thrift Stamps.

AT THE THEATRES.

"The Birth of a Race" Again—Double Bill at Keeney's.

"Blind Husbands," an unusually daring photodrama without the objection that generally attaches itself to a courageous theme, opened last night at the Keeney's Theatre and will be repeated again tonight. It is, briefly, the story of a neglected wife who almost overstepped the border of discretion to satisfy her heart longing for affection. "Fatty" Arbuckle in "Back Stage" has been secured as an added attraction and will be presented at Keeney's tonight and also tomorrow. The feature for Saturday is Corinne Griffith in "Deadline at Eleven," a ripping good newspaper story.

Margaret Fisher in "The Minute of Charity" will be shown at the Auditorium tonight and a Gale Henry Comedy and Fox News weekly. Saturday Monroe Salisbury in "The Phantom Melody" in addition to the "Invisible Hand," starring Antonio Moreno.

The Chicago Stock Company, which opens a week's engagement at the Opera House Monday, matinee and evening, is bringing as fine a repertoire of plays to Kingston as have ever been here at any price.

The attraction for Monday will be "Upstairs and Down," that famous comedy of love, life and laughter on Long Island, by Frederic and Fanny Walton. This play was produced by Oliver Morosco and ran for one year in New York. There will be a bargain matinee daily and seats for the entire week are now selling fast. Each of the six plays is staged and costumed with every care given to detail.

"The Birth of a Race," a photoplay endorsed by Kingston clergymen, doctors, lawyers and teachers, who witnessed it at a private showing given by Manager Gildersleeve, is being presented at the Kingston Opera House again tonight and tomorrow. All lovers of the picture drama will want to see the latest and most brilliant photoplay as its production is an event in the history of the screen drama.

DEAS IN FROCKS

Pannier Model Among Latest,
London Writer Says.

Style Is Declared to Be Decided De-
parture From Slim Outline
of Chemise Dress.

Among the new ideas in dress, which are now appearing, is the pannier frock, writes a London fashion correspondent in the Christian Science Monitor. It is a decided departure from the slim outline of the chemise dress, which has been our great standard for so long. Of course, we are not going to wear panniers in any literal sense of the word, but this new mode demands that we shall be draped or belted or bunched at the hips in order to obtain the new silhouette.

Some of the spiffier silks, printed or woven with little bunches of flowers of charming old-world design, are admirably suited to express this fashion; and shot taffeta, which has been little used of late and which was in no way suitable for the long lines of the chemise dress, will again come into its own. Little knitted frills and ruffles with frayed edges will take the place of fringe in the way of trimming, and this should be pleasing news, as most persons will agree that the fringe has been terribly overdone. Quite tiny fringe may still be used for edging frills, but the long shaggy kind, so strangely reminiscent of the cave-woman, which used to hang the entire length of a skirt, has gone, let us hope, forever.

A dress which showed one way of expressing the pannier style, was made of taffeta, changing from peacock blue

For One Last Shimmer.
If you are in need of decoration and had but one hour, short-remembered time on your hands, do not despair. Pick the flower with as long a stem as possible. Then either tie or wire the short-stemmed blossom to a longer stem of another flower; in this way there is no waste on account of lack of stem. If you have no other flowers when stems you can use, try a bit of the branch of the plant, or in lieu of better, avail yourself of the hollow stem of an artificial rose.

Variation of Pannier Frock.

to old gold. The top layer of the three-layer skirt flared more than the others and was bunched up at the sides. The bodice crossed over in front and fastened at one side, showing a little vest of peacock blue nixon, embroidered with a fine gold thread.

Now, it is obvious that this style of dress will not suit every one though its "touchiness" can be reduced to a minimum. Also, it must not be imagined that the one-piece dress is going to disappear or become demode; it is far too useful and convenient a garment for that, and it can be made with just an indication of the new outline in the way of a tendency to drape slightly at the sides.

The coat and skirt of the more dressy or "dressmaker" order is being cut rather on Louis XV lines. The coat has a decided fullness over the hips, flaring over the narrow skirts, which, by the way, are not quite so narrow or quite so short as recently. The real tailor-made suits, however, pay no attention whatever to this change of outline, but continue to be cut on straight and narrow lines.

Belts to Be Worn.

Following their introduction, in plain, conservative styles, belts designed to be worn by women with their coats or suits are now being developed in most novel patterns. Besides a variety of leathers and imitation leathers, stitching in different colors is used to add to the attraction of these articles. Designs are also worked out by cutting the facing, some of the best described are found on the majority of coats and suits offered to the popular priced trade, and during the coming spring at least there is promised more of a change for belts for women than for men.

Putting Down Frocks.

A most dainty frock recently seen was of pale pink tulle with the drapery of either side of the skirt arranged in a sort of jabot effect. The tulle being so much in use to reveal a portion of the dress, the bodice was of a darker tone over the tulle. A shawl pinned and fastened the back of the frock.

New Kind of Laces.

Recent creations of a paper thread lace and a straw thread lace, both of which the percentage of being very smart, it is claimed to be a new product that the lace-makers have developed from the lace that was once used.

LESS WORK AND MORE PAY.

The theorists talk of "maximum production in minimum time for maximum wages," but the result among workers in Russia is the conviction (now being lived up to) that the only way to attain human felicity is to become a drone. It is this doctrine and not the natural reaction of lassitude after the great war, according to an observant French writer, that has produced the "wave of laziness" that has swept over Europe. In proof it is shown that under the Bolshevik regime two Russian locomotive factories have turned out 38 locomotives in a year, as compared with the former normal production of 297. Even a Bolshevik journal is quoted as saying: "The working men lost eight hours, sleep eight hours, and play cards the rest of the time. Cards and loading are the principal occupations." Such a showing, taken by itself and altogether apart from the tale of brutality and blood, justifies the declaration of Bernstein at the Socialist Congress in Switzerland that "Bolshevism leads directly to the decadence of mankind."

Unfortunately other countries besides Russia are suffering from the results of this world-wide Bolshevik aspiration. In England the miner who in 1887 dug 299 tons of coal, in 1919 dug only 193 tons although his pay was five times as great. We are witnessing a similar change in America, with excessive high living costs as an inevitable result. "Here in America," writes Spargo, a well meaning and philosophical Socialist of native breed, "we are, despite our shortcomings, at least 200 years in advance of Bolshevism, economically, politically, socially, intellectually, morally. There is little danger that our people will adopt Bolshevism." No danger, so far as our governmental structure and institutions in general are concerned. But we are already to a large extent the victims of the Bolshevik demand for the least possible work for the highest possible wage.

OUR QUEENS AND "SLAVES."

Ibanez, the distinguished visiting Spanish author, is entertaining if not convincing when he says that American men are the self-made slaves of American women. The cave man of old went out to chase wild animals while his woman staid behind to mind the children and look after the kitchen. While the American man goes out to chase the dollars, says Ibanez, his wife, instead of looking after the home, goes to the malline or the department store. The Spanish author says further that American women really do not like so much chivalry and adulation; they are surfeited with "exaggerated respect." They wish to be dominated by man, preferring a master to a slave; in fact, they are actually pinning for a little rough treatment and "cave man stuff." American women interviewed by him in Paris have admitted as much.

Whatever the others may indignantly remark, there is at least one American woman who ought to salute Senor Ibanez as a Daniel come to judgment, for she has asked for divorce in New York on the ground that her husband is "impossibly good" and that she is bored to death by his excess of kindness and chivalry. There may be a bit of truth behind the Spaniard's extreme view. In the economy of nature woman was intended as a helpmate and comrade rather than as a privileged queen. History seems to show that she has become the latter only in degrading civilizations and that when these have crumbled by strong and rude peoples, bringing, like the biting north wind, elements of purification along with barbarism, the ultimate result involved a return of our relations nearer to the normal. Of course, flatterers of the smaller class of more or less idle "society" women of the more prosperous American families.

SOCIALISTS LACK SINCERITY.

Overturning the positive testimony of Socialist leaders in the United States to the late war, their course since it ended has been about this: While camps offered a forcible aid

they spread their doctrine of revolt by force against the government. Now that conditions are becoming normal and State and Federal governments are asking them some very pertinent questions they "crawl." Marions, Hilquit, Stedman and the rest are trying by every trick of clever lawyers to minimize their seditious record and to prove that persons of their belief are fit associates for the majority who are trying to aid the evolution of the United States in a way which stands in the same relation to Socialism as law does to anarchy.

For crusaders and martyrs, which is their pose, their fortitude is strangely weak in contrast to that of zealots of other times who have gone even to their deaths proclaiming the truth of their teachings.

THE WAGE EARNER

And His Duties Under Income Tax Law.

The man or woman who works for a salary or wage is subject to Federal income tax if the total earnings received in 1919 reached a certain figure. If single, widowed, or living apart from wife (or husband) a return is required if the net income was \$1,000 or more. If married and living with wife (or husband) on December 31, 1919, a return is required in any case where the joint net income of husband and wife, plus the earnings of minor dependent children, if any, was \$2,000 or more.

The actual compensation must be ascertained, and must include overtime, shares in the profits of a business, value of quarters and board if furnished by the employer, and any other items which are compensations for services.

An unmarried person's exemption is \$1,000; a married couple's exemption is \$2,000; the head of a family, though unmarried, may claim \$2,000; and there is further exemption of \$200 for each dependent under 18 years of age or who is incapacitated.

Returns and payments must reach the Collector of Internal Revenue by March 15, 1920.

What Will
Save His Hair

Says Quick Action Is Needed—But It Can
Be Done With Simple Home
Treatment.

This Hailed Reader Urged Not to Delay.
Partisan Sage Is Just What Is
Needed.

Thousands of men and women are growing hairless every day and don't know the reason why. This is indeed a pity, because loss of hair usually comes from neglect.

Now if we get bald in a day and we all have ample warning when our hair is thinning out.

Partisan Sage is a most efficient hair invigorator, but to immediately stop any further loss of hair and quickly start a new growth it must be rubbed into the scalp so the starved hair roots can readily absorb it and get the vital stimulation so badly needed. You should surely be delighted with the first application, for your hair and scalp will look and feel very much better.

Partisan Sage is not expensive. It's a scientific preparation that supplies hair needs—a clean, non-sticky, antiseptic liquid that is sold at drug and toilet counters everywhere with guarantee to give you perfect satisfaction or money refunded.

Good looking hair is half the battle in any man's or woman's personal appearance. Neglect means dull, thin, lifeless hair and perhaps baldness, while a little attention now helps insure thick and lustrous hair for years to come. No matter what you hair trouble, try a Partisan Sage massage tonight.

TO THE PUBLIC

Many streets and highways are still blocked with snow, making prompt service in the delivery of coal out of the question though we are doing our best.

When you place a coal order be sure the snow bank in the street is cleared away, your path shoveled and windows free, so that the time of our men may be used for the delivery of coal and not shoveling snow.

We thank our customers for their loyal assistance at this time.

WHAT HAPPENED MARCH 5, 1919

Turks hasten to strengthen Dardanelles; old forts stripped to build new works; Russian Black Sea Fleet approaches northern end of strait to approach the attack. • • • Germans abandon the attack. • • • German troops on East Prussian border under heavy pressure from Russian; Germans destroy two forts in battle for Ossowetz.

Verdun shelled by German 9 inch siege guns; German lines are advanced no further; attack on Vacheronville repulsed by French. • • • S. S. German raider, eludes patrol vessels and reaches German port; after months at sea vessel returns to port with 199 prisoners and \$250,000 in gold.

1917 President Wilson publicly inaugurated for second term calls for a united nation. • • • German launch attack at Verdun; assault French trenches on 2 mile front with gains at many points; strong counter-attacks by General Mangin's troops regains some of the ground lost.

1918 President Wilson will not assert to Japanese intervention in Siberia; contrary to our war aims and might antagonize Russia. • • • Austria demands part of Rumania; Dobruja for Bulgaria and part of frontier region for Austria is asked by Foreign Minister Count Czernin.

1919 President Wilson calls for Paris to aid in completing the peace treaty. • • • Government will retain control of railroads and seek to solve financial difficulties. • • • Supreme council to discuss the peace treaty today; disarmament features to come up first.

SUCKER CATCHERS GROW FAST TOO

If there is a sucker born every minute there also is a scheme to capture him hatched at least every half hour. The confidence men and unscrupulous promoters are not satisfied with the old schemes. They are producing new ones daily to take the place of the gold brick, the green goods, the Spanish prisoner, the dying engineer and oil and mining stocks guaranteed to yield a thousand and per cent profit. Here is one plan foisted in the particular instance by the aid of the department of agriculture.

A city man received a glowing circular from a "development company" located in Chicago offering him 10 acres of land in Florida as a peanut unit. The price was \$2,500. The literature—a high brand of fiction—which accompanied the offer, informed him that ten acres would produce a thousand bushels of peanuts at a crop and one crop would pay for the land. The department of agriculture informed him that the average return from 10 acres of peanuts would be but little more than \$300, that he could buy 100 acres in the same county for the price asked for 10 and that "to pay \$2,500 for this land would stamp you as a sucker of the rankest class." He did not buy.

Richard H. Lee, special counsel of the Associated Advertising Clubs of the World issues an earnest warning like automobile tire and accessory in the Lancaster Motorist against companies. "This is the reason for the 'sucker' in the 'sucker' scheme," he says. "One of the favorite schemes of tire and accessory fakers is the sale of stock in a company being organized for the stated purpose of manufacturing tires. By the investment of a small sum in the stock of the company, they represent that you can obtain your tires thereafter at a 'special stockholders price' and thereby show us an annual saving even on your limited needs of more than your entire investment in the stock of the company."

It is "bunk" pure and simple, used for the purpose of diverting your mind from the otherwise perfectly natural inquiry as to the possibility of profits from the operation of the business—the more important question are: "Will the company manufacture a tire to sell stockholders at a reduced or any other price?" "No, will the tire be worth even the price quoted?" "Are the men behind the promotion of the type to whom you would invest your money if you were not being carried away by the lure of cheap tires?" "Do you know the name of one successful company now making a worth while tire whose stockholders bought on this plan and who are now receiving satisfactory tires at the reduced price?"

The investment which can and does answer all questions satisfactorily, which is absolutely safe, which is protected by the whole strength of the nation and which at the same time carries an assured profit is an investment in government savings securities. War Savings Stamps, Treasury Savings Certificates and Liberty Bonds. Investors would do well to compare the promotions based on tremendous promises with the government issues before letting go of their savings.

SOCIETY FIGHTS PARIS STYLES

By Telegram to The Freeman. Paris, March 5.—The chief designer for Poiret's, the most fashionable dressmaking firm in Paris, was highly amused when asked if the exclusive Parisian houses dealing in gowns were alarmed at the world-wide campaign against immodest feminine attire, which has just been launched by L'Action Sociale de la Femme.

"One cannot legislate feminine fashions," said the designer. "We only make what our clients want. Why, sometimes, even after we complete a gown, the lady for whom it was made complains that the corsage is not low enough, even though it was exaggerated in the first place, and the skirt is too long to display all her charms. Sometimes the mother of a girl will make this complaint when the gown is for the daughter. And that is not all—sometimes the husband demands it!"

The new organization is making immodest attire in the ballroom only one feature of its campaign. It is also starting a movement against nudity on the stage. One Paris musical show where a dancer appears nearly naked has come in for a particularly bitter attack from the reformers.

The American Federation of Women's Clubs and similar organizations in all the civilized countries of the globe will be invited to participate in the campaign. The French organization, numbering many of the leading suffrage workers of the country, will call for an exchange of views on the part of women of every nation, with a view to adopting an international appeal against prevailing fashions and some theatrical productions.

Mme. Germaine Marcille, one of the leaders in the French movement for dress reform, said that nearly forty women's organizations have signed the society's first circular of protest to the big dressmakers. She believes the movement will have a big effect on next winter's styles.

FEDERAL WHEAT GRADES TO STAY

Federal grades for wheat will not cease to be enforced under the United States Grain Standards Act when the United States Grain Corporation ceases to function. Reports have been received by the bureau of markets that farmers and grain dealers in some parts of the country are under the impression that the federal grades and the grain corporation will "go out" together. This rumor may be due to the fact that the grades went into effect at the beginning of the 1917 crop movement, at approximately the same time that the Food Administration Grain Corporation began its control of wheat marketing.

The Grain Corporation was created under a war emergency law. The law which empowers the secretary of agriculture to fix grades was approved August 11, 1916, and is a permanent measure. Federal grades of wheat had been contemplated by the department of agriculture for several years prior to the entry of the United States into the war, and a large amount of investigational work had been done toward establishing national wheat standards. The wheat grades would have been established at the time they were even if there had been no war and therefore no grain corporation. The grades were promulgated by the secretary of agriculture on March 31, 1917, to become effective on July 1, 1917, for winter wheat and on August 1, 1917, for spring wheat, and were revised in their present form effective July 15, 1918.

PRESERVE BIBLE LANDS.

U. S. Must Give For Near East Relief, Says MacCracken.

Says H. N. MacCracken, president of Vassar College, Poughkeepsie:

We call it the near east, though it is as far from New York as Yokohama is from Vancouver. But Syria and Armenia are near to us in a deeper sense. Syria is the land of Abraham, the cradle of civilization. Its hills are dotted with Crusaders' castles; its fields and valleys offer the landscape of the psalms, the poetry of our soul. Armenian tradition goes back even farther. It is the land of the mythical Hittite kings, who fought with Egypt in the very dawn of man's written record; its mountain, Ararat, is the oldest in story of earth's summits; its rivers went round Eden.

We cannot let such a heritage fall into ruin. We must preserve the races for whom alone in the east such memories are things to be cherished. Neighbors in faith, blood and social life, neighbors in love of liberty, neighbors by the great bond of the common historic past, the peoples of the near east are brothers and sisters of Americans; and from our land of plenty must come their food and shelter. So long as our hands are outstretched to the near east relief, so long, like Joshua of old, shall we be able to keep the sun in heaven over the stricken peoples from whom we inherit most of what makes life worth living.

CENTRALIA TRIAL

Progressing Faster Than Expected—Defense Ends Today.

By Telegram to The Freeman. Montecano, Wn., March 5.—The trial of the ten alleged I. W. W. charged with the Centralia armistice day murders will probably be in the hands of the jury a week from Monday, it was predicted today by attorneys in the case.

The case is progressing with greater speed than had been anticipated. The defense will close its case today. Attorney George F. Vanderveer has announced. The prosecution will conduct its rebuttal Saturday.

A Timely Sermon.

"Modern Spiritism, or the Witch of Endor," will be the subject of the sermon by Dr. T. H. Baragwanath in the St. James Methodist Church on Sunday evening. This subject is obtaining itself on the thought of the world far more than ever before, especially since the war, which was so costly in human life. People are eager to know if they can communicate with their departed loved ones. There is a great large and interesting literature on the subject, books written by some of the leading thinkers of the age. What is to be the attitude of Christian people toward the subject? Is it helpful or perilous to the Christian faith? These topics will be discussed in the sermon, the subject of which will be timely.

Demobilize Service Flag.

At the Spring Morning service in the Spring Street German Lutheran Church the service flag of the church will be taken down. It contains 50 stars, 5 of which are of gold, representing those of the congregation who gave their lives for their country. These were Arthur G. J. and William Naegele, killed in France, and Harry Rieker, John Otto and Jacob Naegele, who died in camps in this country. All former service men and their parents are invited to be present.

Get Off Goods in Goods.

By Telegram to The Freeman. Kingston, N. Y., March 5.—A big crowd of people gathered on Goods in Kingston today, but the reflected at high tide of departed without her identity being disclosed.

Card of Thanks.

We wish to thank our friends and neighbors and the members of the St. James Methodist Union for the fine service and their kindness during the illness and death of John Naegele.

Constipated Children Gladly Take

'California Syrup of Figs'

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

Coffee— The Sociable Drink!

Wherever men meet, a steaming cup of good, healthful coffee adds to the friendly spirit or sharpens the keenness of brain.

REYNOLDS RELIANCE COFFEE has long been the favorite brand of men who know good coffee. It is a splendid blend of the world's best varieties aged to just the right degree of mellowness. Its very fragrance is irresistible—its taste deliciously smooth. For good coffee like good wine must be tempered by time!

Remember to ask for RELIANCE. It is always fresh at your grocer's—guaranteed to please or your money back. The Wm. T. Reynolds Co., Inc., Poughkeepsie, N. Y.

33 EAST STRAND

55 Lancaster Street, Albany, N. Y., at 1 o'clock p. m., on THURSDAY, the 25th day of March, 1920, for the construction of a bridge to carry Road No. 5599 over Rondout Creek at Kingston County, N. Y.

The bridge is designed for one suspension span, 200 feet long, and two anchor spans each 220 feet long with the necessary anchorages, towers, concrete floor and stiffening trusses. A partial list of principal items follows:

2,214,000 pounds structural steel and castings

567,000 pounds steel cables and suspender

2,302 cubic yards concrete.

100,000 pounds steel reinforcement.

Shells for the anchorages are being constructed under a previous contract.

Plans, specifications and proposal forms may be obtained and estimates seen at the office of the Commission in Albany, N. Y.

Special attention of bidders is called to "Information for Bidders" in the itemized

proposal. Proposals must be presented in a sealed envelope endorsed on the outside: "Proposal for the Construction of the Rondout Creek Bridge, Contract 5599-C." Each proposal must be accompanied by cash or a certified check payable to the order of the State Commission of Highways for an amount equal to at least three per cent of the amount of the proposal. The retention and disposal of such cash or check by the State Commission of Highways shall conform with Subdivision 2, Section 130 of the Highway Law, as amended by Chapter 323, Laws of 1919.

The successful bidder will be required to execute the contract and comply in all respects with Section 130 of the Highway Law, as amended by Chapter 323.

The right is reserved to reject any or all bids.

WOOD TO STUMP NEW HAMPSHIRE

First Primary Occurs in That State
Tuesday and From That Time Until
Election It Will Be a Battle Royal
Between Many Aspirants.

By Telegraph to The Freeman.

Washington, March 5.—Tomorrow General Leonard Wood will invade New Hampshire for the purpose of capturing the Republican delegation of that state, to be selected next Tuesday, March 9, in the first presidential preferential primary to be held in view of the November election.

From that date until June, the battle of the primaries will rage with a fury not seen in this country since the days of reconstruction, when parties, candidates and issues were scrambled as they are almost beyond recognition.

In New Hampshire the contest will not be exciting, Colonel Proctor and other Wood champions are already claiming the eight delegates from that state as theirs; but a week from Tuesday, in North Dakota, and on March 23, in South Dakota, will be staged political fights reminiscent of other days.

General Wood has already stumped that part of the country and Senator Hiram Johnson is there now. Senator Poindexter is already on his way there with a suit case and an itinerary which will take him three weeks of hard going to make.

On April 5 Michigan will hold a preference primary, the lists for which are now closed with seven candidates enrolled. These are Senator Poindexter, Herbert Hoover, General Wood, General Pershing, Governor Lowden (of Illinois), Senator Johnson and William G. Simpson, of Detroit. Some of Senator Poindexter's thirty speeches will be fired off in Michigan while enroute for the Dakota, where, on March 20, he will meet General Wood in debate.

In Michigan, incidentally, on the Democratic ticket to be voted upon April fifth, five names appear: Governor Edwards (New Jersey), William J. Bryan, Attorney General Palmer, William McAdoo and Herbert Hoover. Hoover's is the only name appearing on both lists.

FORESTRY WORK

Curtailed by Reason of Limited Funds.

Ulster county will probably be among the counties which will suffer through the limited appropriations for the current year for extension work of the New York State College of Forestry at Syracuse, for the College of Forestry will be unable to fill probably more than half of the calls made for lectures from all parts of the state, or to do any extensive amount of spring planting.

The College of Forestry has on file three requests for lecture dates from Ulster county alone, and it will probably be necessary to cancel some if not all of the dates tentatively made. Among the lectures which had been tentatively arranged were those before Ellenville High School, Milton, Grange and the Grange at New Paltz.

The college has ever since its existence kept in the field during the winter months speakers to give assistance to the state in developing reforestation, but with the winter only half gone, the demands have been so great that the extension fund of the College of Forestry is practically exhausted and only those calls for assistance can be answered where the organization which wish a speaker are willing to pay the cost of sending the forester to discuss the problems of that locality.

LEGION WOULD SHARE

With Older Veterans In Memorial Exercises.

Pursuant to a resolution adopted at the Minneapolis Convention, the American Legion has requested the honor and privilege of sharing in the memorial exercises of the Grand Army of the Republic and the Confederate Veterans.

The resolution of the American Legion provided "that the American Legion request the honor and privilege of participating in the memorial services of the Grand Army of the Republic and the Confederate Veterans, while they still live, and after death to be the agency which shall continue these services so that their graves and the graves of all other American soldiers shall be fittingly preserved and the memory of their deeds be perpetuated upon the tablets of love and memory; and that a copy of this resolution be forwarded to the Commanders of the Grand Army of the Republic and the Confederate Veterans."

MARLESTOWN.

Marlestown, March 4.—Ira Paley was a visitor at Kingston on Tuesday.

We are glad to report that families of Erwin and Lockwood, who have been so seriously ill, are again able to be out.

Mr. and Mrs. Benjamin Bush were in Kingston the past Tuesday.

A few words of thanks should be given Charles Schipps, who has braved all the heavy snow storms and went through the deep drifts in order to get all the farmers' milk to Kingston.

Judge Myer spent Tuesday with his daughter at Kingston.

E. S. Ballard has been spending a couple of days with Kingston friends.

Mrs. Kennell's sister of Long Island is spending the winter with her.

Miss Edith Lockwood has resumed her teaching after a severe attack of influenza.

Alphonse Brown is conducting the taking of the census. Owing to illness he was not able to do so before.

A. B. Myer, Jr., of Ulster was in this place on Saturday.

MANY CLAIMS FOR DAMAGED FINGERS

Commissioner Abbott, With Received Data, Got 112 of 20 Cases—15-year-old James W. Riordan Awarded About \$1,112.

Notwithstanding W. A. Abbott, compensation commissioner of the State Industrial Commission did not receive the file of the claims with calendar of cases, giving names of claimant, employer, carrier, nature of claim, and necessary data with correspondence, the express company having failed to bring it, although Commissioner Abbott said it had been started on its way from Albany some days ago, he held a hearing on claims as scheduled Thursday afternoon, at the supervisor's room at the court house, beginning at 2 o'clock. He commanded the notifications that the claimants present had received, and also the notifications possessed by the representatives of the several carriers, and soon had business under way, in fact, as he said doing better than if his file had arrived. About 30 cases were disposed of in less than two hours. Claims for compensation for injury to fingers predominated at Thursday's hearing as they have at a majority of other hearings.

The largest award made was to James W. Riordan, a 15-year-old boy of 194 Wall street, this city. While employed after school at the job office of the Kingston Leader, some time ago, as a job printing press feeder, one of his hands was caught between the type form and the platen or bed and the hand smashed. Dr. O'Meara testified as to the extent of the injury, and the hand was also examined by Dr. A. A. Stern and Commissioner Abbott and the three agreed to a 70 per cent loss of the thumb and a 80 per cent loss of the index finger. The Riordan boy was paid \$3.50 a week for his services after school and on Saturday, but as young Riordan is a bright and active boy and in the opinion of the commissioner would have become a printer when he reached the age of from 20 to 22 years of age, his award was fixed, at the rate of wage of printers at the time of the accident, being \$30 a week, and allowed at \$15 as the compensation rules fix. He will receive from the London Guaranty Company, the carrier \$30 each two weeks for a period of 78 and 80-100th weeks, or in all about \$1,112. Robert J. Howard appeared for William H. Grogan, attorney for claimant, Mr. Grogan being at Albany on legal business.

John Bassett, who froze a finger while working on the ice, putting down plank for people to walk on, was awarded \$10 for the loss of four days.

Irving Buntin, who had the end of one finger stiffened while employed by Edward Snyder, an ice dealer in this city, was allowed a 10 per cent loss of the finger, and the Travelers Insurance Co. will pay him \$58.44 for time lost, and his case was closed.

John Gaumer, another who had a claim for a finger injury was awarded compensation for 46 weeks at the rate of \$12.31 a week. He has a partial loss of an index finger. The Employers' Liability Co. will pay him.

John B. Zimmerman, it was decided has suffered a 100 per cent loss to his left little finger, and an award of \$15 a week for 30 weeks was made against the Lumber Mutual Company, the carrier.

Louis Montone has a stiff finger and the loss was determined at 25 per cent, and an allowance according to the legal schedule was made. The Liberty Mutual is the carrier.

After an examination of Samuel Buchanan of this city. It was decided to continue this case until the next hearing here by Commissioner Abbott. Mr. Buchanan is receiving compensation for his injured arm from the London Guaranty Co.

The claim of Anna Sparling, who was injured at the explosion at the American Grenade Loading plant, near Port Ewen, which had been adjourned at the previous hearing because of claimant's absence from town. Miss Sparling had been receiving compensation at the rate of \$12.98 a week, but as she had been employed for a term her compensation allowance was scaled down to \$12.27 a week. The case was continued as she is unable to work, and she will be re-examined by Dr. Stern and compensation given at old rate for a month. The Travelers Insurance Co. the carrier, will be notified to reimburse Miss Sparling for money paid by her for doctor bills.

O. F. Johnston, who was examined as to extent of disability, having been injured while employed by the Valley Farm Ice Company, was awarded \$15 a week for six weeks' disability, and the Travelers Company, the carrier, will be instructed to send the check to his employer, as they had paid the claimant his wages while he was disabled, they to keep the money or turn it over to Johnston if they so desired.

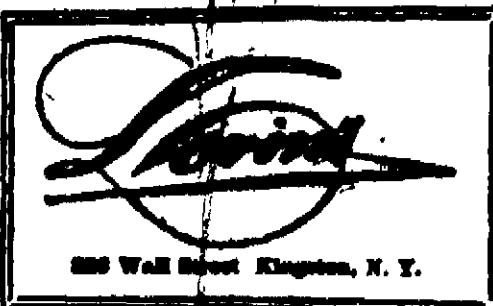

Ralph Atkins was awarded at the rate of \$25.73 every two weeks for 114 weeks for the use of his right arm. He has received \$1,772.24 compensation which is to be deducted. As he wanted a lump sum settlement the case was held open so as to give claimant time to send letters to Commissioner Abbott giving grounds why a lump sum settlement should be made. The award to stand in the meanwhile.

John H. Thomas, who was injured at Ellenville, at present with the Elberta Auto Truck Corporation in this city, in an advisory capacity, being a contracting engineer, was examined by the representative of the Acton Co., as to his physical condition. Dr. Stern stated claimant was afflicted with a partial dislocation of his spine, and recommended that an X-Ray examination be made. The carrier objected to a bill for \$450 of Dr. Vreeland of New York, a specialist. The case was held open. Dr. Vreeland to the meanwhile to be questioned by the New York office of the compensation commission, as to his charges for services in the case. Joseph A. Dunn, who had a claim

CONVICTED FOR ARMY FRAUDS

By Telegram to The Freeman.
Detroit, Mich., March 5.—After a trial lasting three months, a jury today returned verdicts against Hugh Brown, New York merchant, Reoul Waterbury, former major in the United States army, and S. Nicholson, former United States army captain, on charges of conspiracy to defraud the government and bribery. Fred C. Collin, Detroit, Bert Harris, New York, and Harro H. Burdack, of Albany, N. Y., were acquitted of the same charges. The jury recommended life imprisonment for each of the defendants in the case of Captain Nicholson. The government charged that during May, 1918, Brown and others conspired with Waterbury to purchase quantities of army salvage material at a price which would net them thousands of dollars profit to the conspirators.

BEAUTY WAS FATAL
And Kept Her From Being Good Wife, Says Mrs. McGlade.
By Telegram to The Freeman.
Paterson, N. J., March 5.—Stricken with regret after having deserted her soldier husband to become "the pampered doll of a millionaire," Mrs. Annette McGlade wrote a letter which said:
"My beauty was fatal, my good looks a detriment to my being a good wife. I hope my case will be an example to other girls with good looks."
The letter was introduced in a divorce suit by Sergeant James W. McGlade. He was granted a decree.

WADSWORTH'S RECORD SCORED

By Telegram to The Freeman.
Rochester, N. Y., March 4.—Resolved, that New York state should send to the senate for the next six years a man of progressive ideals and broad vision.
This resolution, much milder than the original, represents the harpoon thrown at United States Senator James W. Wadsworth by the conference of the New York State League of Women Voters. In the original resolution Wadsworth was declared to be an "unrepresentative representative."
After the resolution was passed, Mrs. F. G. Merson, representing the Anti-Slavery League, said: "Does Wadsworth represent up-state New York? Has he? Will he? He has represented certain interests, but has never represented his constituents. I am glad to enter the fight against Wadsworth."
Mrs. Frank Vanderlip of New York, said: "Our opposition to Mr. Wadsworth is not solely because of his work against suffrage, but because we have come to the conclusion that the opinions of his state have absolutely no weight with him. He cannot visualize an idea until it has become a fact. He trails behind public opinion instead of leading or forming it. We need leaders in these days of a new world. Senator Wadsworth would have us dream that we are still in a well-known, conservative safe age."

SAMSONVILLE
Samsonville, March 4.—Miss Jennie Gray of Palentown and aunt, Mrs. Arrena Lyons, of Kingston, called on their cousin, Mrs. W. G. Moore, on Saturday, last.

The Samsonville road is now passable as a gang of men shoveled it out on Tuesday.
Miss Maud Shurtler visited her uncle and aunt at Tongue on Sunday night and came back with the mail carrier on Monday morning.
Miss Genevieve Moore called on Mrs. Bevier on Monday afternoon.
Mrs. Adaline Van Kleeck is ill with a bad cold.
Guy and Herman Barringer went to Shokan on Tuesday with a load of ties.
Horace Myers and son, Albert of Wittenberg, spent Monday at J. H. Bevier's.
Mrs. Freeman Every took a walk up to Asa Barringer's on Tuesday. Mr. and Mrs. Barringer are both better.
Mr. and Mrs. Robert Beesmer are enjoying a four days vacation visiting their sister Lydia at Cornwall.
Mrs. Herman Barringer called to see Mrs. Bevier on Tuesday afternoon.

Wanted it Understood.
In the bygone days when street car fares were 5 cents for grownups and 3 cents for children under 12, two small boys of 12 and 7 mounted the platform. The younger boy had been promised the 2 cents change from the dime they had for carfare. He handed the coin to the conductor, who did not immediately turn over the pennies. The anxious child then remarked politely but forcefully, "I'm worth only 3 cents."—Chicago Tribune.

JURY GETS SNEAD CASE

Mrs. Preuss Locked Door and Wouldn't Talk to Him When He Came to Collect, Says Plaintiff.

The action brought by James E. Snead against Emma Preuss to recover rental for his farm which defendant and her husband occupied and also to recover for certain personal property and crops which the defendant and her husband sold while on the property, was continued during the afternoon session of supreme court Thursday and late in the afternoon the questions were submitted to the jury.

On the stand Mr. Snead testified that he had rented the farm for \$400 per year and made arrangements for the sale of the farm produce then on the farm, the price of this produce being about \$1,200, Mrs. Preuss and her husband agreeing to pay as soon as she received a sum of money which she was expecting. Mr. Snead claims he made the arrangements with Mrs. Preuss as her husband had no property or money. The answer is a general denial. Mrs. Preuss testifies that she knew nothing of the arrangements which were made with her husband. She, believing that her husband went to work on the Snead farm for \$75 a month, Mr. Preuss died and the action is being brought to recover from Mrs. Preuss.

Mr. Snead testified that on one occasion when he went to the farm to interview the occupants and secure some money or at least make some arrangements for a payment, he was told by Mr. Preuss that arrangements could be made with his wife. On going to the house, Mr. Snead testified, Mrs. Preuss locked the door and would not admit them. Mr. Preuss went in through the window and talked with his wife.

Judge Nichols asked Mr. Snead if he had any talk with her then and Mr. Snead replied that he had not. It was impossible to talk with her "except through the key-hole."

Mrs. Preuss denied that she ever was at home when Snead came and that she locked the door to keep him out. Henry Klein with Milton O. Anshmoody appeared for Mr. Snead and Andrew J. Cook appeared for Herbert B. Royce who is the attorney of record for the defendant.

OUR DAILY PATTERN.

2733—A Popular Style.

This simple model is easy to develop, and is most becoming to slender figures. The back and front are plaited, and the closing is effected at the left side of the front at shoulder and under the plait.

The pattern is cut in three sizes: 16, 18 and 20 years. Size 16 will require 2 1/2 yards of 44 inch material. Serge, corduroy, velveteen, satin, jersey cloth or gabardine could be used for this style. Blue velveteen with sleeves and belt of Georgette crepe would be pleasing, or brown serge with matched satin. The dress measures about 2 yards at the bust.

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or 1c and 2c stamps by the Pattern Department, The Freeman, Roadout, N. Y. Be sure to state the size wanted.

Catalogue Notice.

Send 10c in silver or stamps for our up-to-date spring and summer 1920 Catalogue, containing 550 designs of Ladies', Misses' and Children's Patterns, a concise and comprehensive article on dress-making, also some points for the needle (illustrating 20 of the various, simple stitches), all valuable hints to the home dressmaker.

NAVY BLANKETS ON SALE TOMORROW

There Will be One Thousand of Them New and All Wool at Three Five Stations and Price Will be \$8.50 Each.

The one thousand navy blankets procured by Mayor Canfield will be on sale at Willwyck Fire Station, Central Fire Station and Cornell Hose Company tomorrow afternoon, beginning at 1 o'clock. The sale will continue until Wednesday.

These blankets are U. S. Navy type, all wool, guaranteed in all respects, blue and gray, 60 by 84 inches, and weigh between 4 1/2 and 4 3/4 pounds each. The cost will be \$8.50 per blanket.

They are all new and represented to be in perfect condition, each one having been inspected and accepted by the government. Those not sold by the middle of next week will be returned. They are sent on consignment and come from the government warehouse at Brooklyn.

The selling price of \$8.50 is the government price plus the freight. Blankets of this quality are selling for more than double this price, and the people are given this privilege to obtain wool blankets for less than one-half the retail price.

Efforts were made to also obtain mixed wool and cotton blankets of a cheaper type but none could be obtained.

ALLIED AID FOR GERMANS LIKELY

Nitti Denies Favoring Wiping Out
Indemnity—Germans Delighted
At Prospect—Millerand and Nitti
Confer.

By Telegraph to The Freeman.
Paris, March 5.—Premier Nitti, of Italy, will probably hold a conference with Premier Millerand this afternoon, to explain his views on the proposal to help Germany back on her feet economically.

Signor Nitti denies that he suggested wiping out entirely Germany's war indemnity, although he favors a loan to Germany by neutral countries. If it is properly safeguarded.

The apparent decision by the allies to assist Germany economically in the immediate future is hailed with delight by Herr Bergman, German representative on the reparations commission, and other German officials in Paris.

While the Teuton officials would not talk for publication, they are said by their intimates to regard French press articles as paving the way for public opinion to receive at any early date an announcement from Premier Millerand that France will favor economic assistance to Germany on the condition that Germany show her good faith in fulfilling all her treaty obligations.

The Germans were at first very much disheartened when announcement was made of the appointment of former President Poincare to the reparations commission. They feared that M. Poincare would prove an unrelenting foe to the central powers and would oppose any suggestions of aid, but the Germans are now more optimistic. They believe that there may be important developments at the next meeting of the reparations commission.

Emil Lensemer, German expert on international trade in Paris, declared that Germany is in an acute position.

"Unless the allies help us we are threatened with bankruptcy," said he. "Already we have begun to consider the sale of our art treasures and art museums."

METACAHONTS.

Metacahonts, March 4.—Our long planned entertainment, and social, which was postponed some time ago because of inclement weather, will be given next Thursday evening, at the school house unless stormy, when it will be given Friday evening, and if stormy then, on Saturday evening. So don't forget the date, Thursday evening, March 11, at the Metacahonts school house. Entertainment will commence at 7:30. Everybody invited to attend. Ice cream and cake and coffee for sale after the entertainment.

Mr. and Mrs. John Connor and daughter, Grace, of Lyonsville, are visiting Mr. Connor's mother, Mrs. Charles Rider. Mr. and Mrs. Connor are planning to move to Poughkeepsie in the near future.

On Tuesday evening of this week our two oldest residents, Mr. and Mrs. William F. Dann, were tendered a very agreeable and long to be remembered evening of pleasure. Mr. Dann was 81 years of age Tuesday and Mr. Dann has reached the good old age of 82. A large number of friends and many good wishes to eat. The parlor carpet was rolled back, a photograph secured and dancing enjoyed. A fine time was enjoyed by all and a very delicious supper was eaten at a late hour, after which the guests departed with the best wishes to Mr. and Mrs. Dann for many more years of happiness together.

Letters received by his grandparents, Mr. and Mrs. E. U. Barley, from Edmund Barley, who is attending school in the city of Rochester, report Mr. Barley progressing fine in his studies and to be in the best of health, which his many friends in town will be glad to hear.

Mrs. S. E. Churchwell has been sick during last week with nervous indigestion and under the care of Dr. Fuller. Mrs. Churchwell is some improved but is still confined to her home. Her many friends trust she will speedily get better and be able to take charge of her class in Sunday school.

Mrs. William H. Miller is slowly improving from her attack of influenza.

Mr. and Mrs. Eli Rider very delightfully entertained on Saturday afternoon and evening of last week Mr. and Mrs. Ben E. Burger and sons, Joe and Dan, Miss Kathryn Hestling, Mr. and Mrs. Charles B. Osterhout and daughter, Lillian, and Herman B. Osterhout.

Arthur Kelder and Virgil Wood conveyed loads of hay for Jesse Osterhout to Ellenville and Greenfield on Tuesday of this week.

There was a fine attendance at Sunday school on Sunday. Stanley Kelder was superintendent. After the service several group pictures were taken of the school by Miss Hestling.

Frank and Otto Miller are enjoying a week's vacation from their employment at David J. Brown's mill at Lehigh.

James Osterhout, Eli Rider, Charles B. Osterhout, J. Vandemark, Jacob Krom were in the county seat last Tuesday on business.

James Osterhout has purchased the property of Mrs. Melissa Krom, which was near Saccorville.

Louise and Herman Osterhout have recovered from their recent heavy cold and are able to be in school again.

CALF IS 21 INCHES HIGH

Dwarf Hereford Attracts Attention in
Colorado.

J. L. McNitt, rancher, living near Hugo, Colo., has visions of a young fortune to be made from a freak calf that is drawing scores of visitors from eastern Colorado to his farm.

The calf of purebred breeding, is ten months old and weighs 250 pounds. It stands only 21 inches high. It has a normal head and perfect markings, but stopped growing when it was seven months old. Its legs are 7 inches in length.

Already McNitt has had several lucrative offers to exhibit the calf in circus side-shows.

Austrian Parish in Siberia.

Nearly 375,000 of the 500,000 Austro-Hungarian prisoners of war taken by Russia have perished in Siberia from smallpox and typhus fever, according to information obtained by the Red Cross.

Important Question!

Will furniture prices be lower in the near future. We do not think so if ever. Wages generally have advanced considerably in this industry. Millions that were formerly spent for liquor will be spent for furniture, consequently making double the demand for this product.

BETTER FURNITURE IS BE-
ING PURCHASED; and WHY
NOT?

A man buys a car for \$3,000. Next year he sells it for \$2,000. He buys a dining room suite for \$500 and it lasts him for 50 years.

Why pay more for a car than a dining room suite? A woman pays \$150.00 for a gown which lasts for 6 months. The same amount invested in a beautiful cane mahoganyavenport lasts for 25 years.

Clothing has advanced 164 per cent; furniture only 96 per cent. Don't be afraid to purchase now for immediate needs.

Have you seen the mahogany finish, single four-poster beds that are selling for \$38.00? Don't wait until prices get lower. You may not have the money to buy with then.

INCOME TAX MEN
WILL WORK LATE

Internal Revenue Collector Roscoe Irwin has arranged to have deputy collectors in the supervisor's room at the court house until 12 o'clock Saturday night. The office will be kept open at this late hour especially for the convenience of railroad employees, factory workers and others who cannot take time off during the day.

Returns are being made very slowly, only about one-third being in at this date.

LOMONTVILLE

Lomontville, March 7.—All of our recent sick are getting around again. Isaac Whittaker and Charles Markle were business visitors in Kingston, this past week. The snow still is with us and the roads are pretty bad now. Harry Whittaker is still working over at Wallace France's. Charles Pratt was a visitor to Kingston, last week. George Bush who lost an eye and was operated on at New York is reported doing well and will be home soon.

CASE AGAINST
GUNSON STRONGER

And Evidence in Three New York Police Districts Shows Vice Conditions With Police Protection Incredible Says Smith.

By Telegraph to The Freeman.
New York, March 5.—Further startling revelations in New York police's scandal were made today when Assistant District Attorney Smith announced he has evidence to show that at least 500 disorderly houses are being operated under police protection in the district just west of Broadway, from 42nd street to 109th street.

Three inspection districts of the police department are involved. Smith said, although witnesses held thus are concerned principally with alleged graft and bribery in the fourth, or old tenderloin inspection district.

Smith announced that the case against Detective John Gunson, indicted on charges of graft and accepting bribes, was strengthened and that other policemen charged with forcing women of the streets to share their earnings with them will be indicted early next week.

Aside from the three districts the police department is not involved, according to Smith, but in at least one district the case has assumed proportions thought impossible.

More than a dozen members of this district are involved, together with a prominent lawyer, who, it is asserted, has been aiding the police in reaping large gains through the efforts of women.

Not in many years have women openly accused officers, as did Rebecca Molyado, on whose testimony Gunson was indicted. Her story of living with Gunson, a man with a wife and child; of showering him with gifts worth more than \$5,000; of giving him huge sums of money and of dividing her illicit profits with him daily; of refusing to go to London with him to continue her vocation there; and of his persecution of her when she tried to reform, makes a new chapter in the annals of New York crime.

"At least 500 houses are being operated in the west side district," said Smith, "and this is a conservative estimate. Each of these places has been paying monthly 'fees' to the police of from \$50 to \$500, and in some cases more."

Two more women were being held as material witnesses in the case today, and another was expected to be brought here from Boston. Difficulty in securing witnesses hampered the investigation. Smith charges that many women of the underworld have been warned that should they furnish him with information, they would be dealt with severely by those "higher up" in their life.

Smith turned his attention today to an investigation of houses said to be operated in fashionable West End avenue, Central Park West, and Riverside Drive, patronized by the wealthy and declared to pay thousands of dollars monthly for protection.
